

# Top Dog Trading Course

**Top Dog Trading** is a trading educational company run by Dr Barry Burns. Whatever you trade, stocks, forex, futures or options you will be amazed at your new level of understanding after taking the basic courses that cover trend trading and how to take advantage of momentum in your trading.

If you have not already done so please sign up for their [free 5 day video course](#) which offers some great insights into how the market really works.

They offer a number of trading educational products that are designed to teach you how to trade like a professional, all of the courses are downloaded onto your PC so you can watch, read and listen to them over and over again until the trading strategies become second nature.

The courses are designed to take the complete beginner with little or no previous knowledge and teach them who the market really works, how to trade to a level of proficiency that a professional trader would envy. This is no simple task but the slow methodical way in which Barry teaches, along with very detailed manual and videos makes this possible so that even the complete novice trader will feel comfortable and in many way a market expert with a short space of time. Allow yourself 3-6 months to learn the trading systems and you will be set for life with a proven and reliable trading system and methodology.

## **Dr Barry Burns – creator of the Top Dog Trading Courses and Systems**

Barry is the founder and chief trainer and has spent many years and thousands of dollars developing and refining his trading system, it will teach you how to understand how the market works and how to trade it profitably.

The big difference that you will find with these courses is that the instructor, Barry Burns, explains everything, in detail, in a slow logical manner such that if you watch the videos and listen to the commentary you cannot fail to get a deep understanding of what is happening on the charts, and what is more important what you, the trader, should be doing, buying, selling, taking profits, stopping out or just doing nothing and being patient and waiting for a good trade to setup.

## **[Free mini video trading course](#) – learn trading basics and a few secrets**

The trading courses offered by **Top Dog Trading** are in general very generic in the sense that the systems taught can be used to trade any market such as stocks, emini, options, Futures or Forex.

In addition the system can be applied to any time frame to suit your trading style such as scalper, day trader, swing trader, position trader or investor.

Barry's also talks about styles such as cherry picker and aggressive cherry picker! this simply means are you going to wait for the good trades or just the great trades!

If you are serious about trading you need to hear what he has to say, it will take your understanding of the markets and technical analysis to a whole new level by explaining what the core elements are in the charts.

And the best way is to simply sign up for his free 5 day video course which will introduce you to his trading system and style of teaching, you can then decide for yourself if you want to learn more.
